

G+D  
Currency Technology

# ProNote 1.5

*Currency Counter with Reject Pocket*

Denomination Recognition

Multiple Currencies

Reject Pocket for non-stop counting

Highly advanced counterfeit detection

Unique user interface with jog-dial control

# Powerful, Convenient, and Extremely Compact

## RAPID AND EFFICIENT

At up to 1,300 banknotes per minute, ProNote 1.5 achieves an outstanding counting and sorting speed for its device segment. In addition, a reject compartment for counterfeit or unidentifiable banknotes ensures that the system offers non-stop performance.

## RELIABLE AND SECURE

Cutting-edge sensor technology makes it possible: ProNote 1.5 meets all requirements for counting, authentication, serial number reading and sorting with maximum precision. An optional external LCD display and receipt printer make accounting processes even more transparent to customers.

## USER-FRIENDLY AND SPACE-SAVING

Featuring a clear, programmable user interface and jog dial knob, the system is incredibly easy to use. At the same time, ProNote 1.5 requires impressively little space (footprint: 11 x 10.5 inches). And as it weighs just 20 lbs, it is also easy to transport by hand using the practical carry handle.

## FLEXIBLE AND FUTURE-FIT

With easy, rapid update options, ProNote 1.5 can be configured for up to 40 different currencies, with each of them detected automatically during processing. It is also well prepared for currency updates or other future requirements.

# 1,300

## BANKNOTES PER MINUTE

Precision meets velocity: ProNote 1.5 convinces with its superior counting speed of up to 1,300 banknotes per minute.

## Ready for maximum performance in minimal space?

Then talk to our experts! They will be happy to demonstrate how ProNote 1.5 can be adapted to your individual requirements.

## TECH FACTS

### Let's talk!

#### Speed

Counting speed  
up to 1,300 notes/min  
Sorting speed  
up to 1,050 notes/min  
Serial number reading  
up to 700 notes/min

#### Currencies

up to 40 currencies

#### Hoper capacity

(depending on BN quality)  
up to 900 Notes

#### Output stacker capacity

(depending on note quality)  
up to 200 Notes

#### Reject compartment capacity

(depending on note quality)  
up to 70 Notes

#### Dimensions (H×W×D)

13.2 × 11 × 10.6 inches

#### Weight

~ 20 lbs

#### Temperature range

32-104° F

#### Electrical specifications

100 - 240 VA, 50/60 Hz

#### External connections

1 × LAN, 1 × USB host,  
1 × USB device, 1 × SD card slot

#### Certificates

CE, RoHS
