

GLORY WR-90

Automated Coin and Wrapping Machine

Rugged and reliable, Glory's WR-Series delivers top performance day-in and day-out. The WR-90 is versatile enough for most operations and is enhanced with a simple-to-use, one touch LCD control panel. Operating the WR-Series is easier than ever with comprehensive illustrated instructions to guide the user through each step of the process.

- **Continuous Operation**

Leveraging proven Glory technologies, our enhanced coin transport and stacking units allow for speedier, smoother performance. Enhanced self-clearing capabilities dramatically improve continuous operations by limiting unwanted stops.

- **Improved Operability**

The utilization of a built-in LCD control panel has improved both screen visibility and operability. Processing information can be checked quickly and easily. A user-friendly, illustrated guide is incorporated into the display to provide accurate, step-by-step setup and support direction.

- **Fast Configuration**

Simply set the paper, select the denomination and you are ready to wrap.

- **Multi-Language Ready**

Choose from a variety of languages, such as English, Spanish, French and German, all from a simple LCD interface.

- **Additional Capacity**

The optional extended hopper enables even greater operational efficiencies.

- **Dimensions (H x W x D)**

40.7" x 17.7" x 24.9"
Weight: 330.7 lbs

- **Counting Speed**

2,000 coins/min. (max.)

- **Wrapping Speed**

25 rolls/min. (max.)
