

HYOSUNG

MX7800T

Hyosung is revolutionizing the ATM self-service industry. The **MX7800T** enables customers to choose how they want to interact with your financial institution by offering a robust set of transactions through Hyosung's industry-leading core integration solutions either autonomously or with on-demand video assistance greatly improving the limited traditional ATM experience. The **MX7800T** modular design and high capacity drive Hyosung's industry-leading availability and serviceability. Learn why large and small financial institutions continue to standardize on **MX7800 series**, helping make Hyosung the fastest-growing ATM company in the United States.

KEY FEATURES

USABILITY

A 19" multi-touch screen that enables intuitive and meaningful customer experiences. Multiple customer authentication options including contactless and biometrics.

HIGHEST AVAILABILITY

Innovative modular design and the use of Hyosung manufactured core technologies allows for fast service, easy replenishment and downtime. The **MX7800T** is designed to provide reliability that is unequalled in the market, with minimum maintenance and maximum uptime.

CAPACITY

This machine is equipped with high capacity, cash dispense capability and the ability to support large volume transactions. High capacity allows for denomination selection.

FUNCTIONALITY

The **MX7800T** delivers an unparalleled range of transactions when deployed in conjunction with Hyosung's innovative integrated software approach and powerful video assistance solutions. The **MX7800T** includes bill payments and funds transfers in a highly user-friendly interface, for maximum convenience.

SECURITY OPTIONS

Hyosung ATMs defend against physical and logical attacks with a combination of multi-level anti-skimming, locked down operating system, white-listing, and encryption.
