

# 900 SERIES

## SELF-SERVICE COIN CENTERS

# SELF-SERVICE COIN CENTERS

## MODEL 909 FULL SORT MODEL 928 MIXED OUTPUT

Ideal for institutions with weight lifting restrictions

Using our design thinking approach focusing on what's important to you:

- Creating a positive experience
- Simplifying operation
- Minimizing interaction
- Quiet, non-disruptive operation
  - Optimum speed to meet noise reduction requirements

## DESIGN FEATURES

- 1 Interactive Touch Screen Display** Enhances balancing, bag removal and reporting functionality — giving instant access for bag status, end-of-day reports and transaction history
- 2 Integrated Debris Removal Tray** Removes dirt, foreign objects, and liquids
- 3 Pull-out Shelf** Easy access to the entire counting and sorting mechanism
- 4 Continuous Cleaning Mechanisms** Remove sand and other small objects during counting process; Automatic debris ejection system removes non-coin debris to trash receptacle
- 5 Bag Management Section** Direct access to all bags through secure doors; coins feed directly into bags at floor level, minimizing lifting which allows for easy bag removal. Model 909 full sort to 9 Bags. Model 928 mixed output to 8 bags.
